

Amanda-Clearcreek Local Schools

A Note for the Cafeteria

September 21, 2021

Dear AC Families,

As you and your child(ren) may have noticed, our cafeteria menus at Amanda-Clearcreek Schools have been undergoing frequent substitutions. Many school districts in the State of Ohio and around the country, as well as many of your local retailers and restaurants, have been experiencing the effect of production and distribution shortages. The short notice adjustments are a direct result of these shortages at different points of the supply chain.

Our cafeteria staff have been working diligently to prepare our students with nutritious meals to the best of their abilities while working with our food and supply distributors to alleviate the pressures created by these shortages.

We want to assure that each student at Amanda-Clearcreek Schools can receive ONE FREE BREAKFAST and ONE FREE LUNCH per day.

We THANK YOU for your patience as our cafeteria menus are SUBJECT TO CHANGE. We are trying to find the most acceptable substitutions each day.
