Dear Amanda-Clearcreek Middle School Families,

We are pleased to share that we have partnered with OhioGuidestone to provide vital services to the students of Amanda-Clearcreek Middle School. Our OhioGuidestone consultant will be working to prevent and address behaviors that can put children at high risk for future issues.

OhioGuidestone is a community solutions organization. They offer a unique blend of behavioral health treatment services, skill building programs and prevention opportunities for children and families. They not only help resolve problems that already exist, but teach skills to help individuals become self-sufficient, and prevent future obstacles to success. Offered services help individuals not only to survive, but thrive.

Preventative services may include small groups, consultation and crisis intervention. When referrals to service providers are considered by the school, families will be contacted and informed of the program details.

In the event of an urgent or emergent situation, Amanda-Clearcreek Middle School may provide OhioGuidestone with parent/guardian contact information such as parent name, child name, phone number and address.

-----  
Only return form if you do not want your child to participate. Return to Mrs. Hedges, the middle school secretary.

I **DO NOT** want my child to participate in the support program offered by OhioGuidestone.
